COMMERCIAL INTELLIGENCE

THURSDAY EVENING, MARCH 23.

LONDON telegrams during the week have not advised any material alteration in the prices of either stocks or produce. Wheat is a shade better, Linseed fairly steady, and Cotton, our great staple, has been in good demand, and closes much as at the date of our last. Our export trade has been again very active, especially in Cotton, the receipts of which since the 1st of January have reached the unprecedentedly large amount of 594,145 bales. A large business has also been done in Imports, but holders have looked more, no doubt, to clearing and lightening their stocks than to standing out for improved prices. Money in London seems to be getting cheaper, and if the influx of Gold continues at its present rate into the Bank, it is clear the Bank will soon again have to lower its rate of discount. Here the great demands of the export trade still keep it tight. The returns of the Bank of Bombay last week were at last rather more favourable, but the Directors have not yet lowered their rates. In the bazaar, however, there is a decided tendency to greater ease.

COTTON.—On Friday and Saturday last, owing to the better accounts from England, and especially from New York, where June futures had gone up to 12·74, our market here was very strong, and business was done at about one to two rupees above what we quoted by the mail. On Monday and Tuesday, however, the advance checked business, and rates became quiter. Yesterday we were very quiet, with a very limited demand, but to-day Liverpool coming steadier, we are a little firmer again. Broach has been in good demand, especially for this month's delivery to cover the large forward sales that have been made in this description, and Rs. 233 and Rs. 234 have been freely paid for ready lots of Good. For April delivery, however, it is to be got at Rs. 228.

For "Fine" Dholleras there is a good demand, and it is saleable at Rs. 210, but "Good" is dull at Rs. 200, and we hear of lots offered at that rate that do not find buyers.

Oomras are quiet at about the rates of last mail, and for next month's delivery a little lower will be taken.

New Sawginned Dharwar is quoted to arrive Rs. 205, and New Comptas Rs. 173 to Rs. 175. Bengals are unaltered.

The receipts for the week reach the large total of 81,000 bales, though the clearances for sea are only 38,500 bales. The Cotton afloat in the harbour is now 80,845 bales.

The following are our usual detailed quotations of the prices of the day :—

Linseed.—A large business has been done in this during the week, at a little under last week's rates, say about ¼ anna. About 50,000 cwt. are reported sold to European firms, both ready and to arrive, at Rs. 5-5 to Rs. 5-8. This article is now arriving freely, and the following is our usual statement of its receipts and shipments as compared with last year :—

Rapeseed is in very moderate supply. The market is steady, notwithstanding the dull advices from home, but there is little business doing, and prices are to a great extent nominal. We quote Yellow Sarsons Rs. 5-12 to Rs. 5-13, and New Rs. 5-2.

Gingelly Seed is firm in price and supplies small, and we hear of sales of only about 1,000 candies. We quote :—White Kabri Rs. 32 to Rs. 35, Black Kabri Rs. 28 to Rs. 30, Red Kabri Rs. 29 to Rs. 29-8. There have been sales of fine Hingunghat quality for forward delivery new crop at Rs. 38-8.

Groundnuts are in good demand, both ready and to arrive, and we quote price Rs. 24 to Rs. 24-8.

Castor Seed is firm at Rs. 23-8 to Rs. 24, and *Poppy Seeds* are firm at Rs. 5-7, at which rate sales have been made to European exporters.

WHEAT is firm, and there are many buyers at our quotations which are both for Old Crop on the spot and for New Crop for forward delivery. No. 1 White we quote Rs. 30½ to Rs. 31.. Red Kalta Rs. 22½ to Rs. 23, Yellow Kalta Rs. 26½ to Rs. 27, Khundwa Rs. 26 to Rs. 26½, and Mundsaur Rs. 26 to Rs. 27½.

The arrivals still keep light, and we must expect them to do so until the new crop is ready for market. They are as follows compared to last season :—

	1882.	1881.
Receipts from 15th to 21st March	50,165	90,060
Do. 1st Jan. to 21st March	20,22,367	9,11,720
Shipments from 16th to 22nd March ...	1,38,608	10,576
Do. 1st Jan. to 22nd March ..	30,34,158	10,18,202

PIECE-GOODS generally have been in good demand during the week, and the off-take especially for the North-West has been undoubtedly large. Stocks generally are getting now into more moderate compass, and prices have a decidedly upward tendency in many descriptions. The ordinary and lower qualities of Shirtings are now the things largest in stock and most sluggish in demand. There is more doing on the better class of Shirtings, both Grey and White, and the same may be said of Grey Madapollams, Mull, and T. Cloths.

A very large business has been done in White Mulls, White Jacconets and Dorias. Before the repeal of the duties there was much forcing of these goods from first hands at miserable prices, no doubt in anticipation of what was coming, but now that buyers have got over the first fright of the repeal prices are decidedly better. Grey Dhoties are also in improved demand, and the same remarks apply to them as to the White Jacconets, &c. Turkey Red Goods are very quiet, as also ordinary Red Prints, but classes of goods being in excessive supply both here and on the way. Yarns are quiet, the finer numbers as 50s and 60s are rather in demand, but the lower numbers are only in moderate inquiry.

COALS are steady, and there are very few sellers to arrive. Some small lots of Davison's have been sold to arrive at Rs. 14¾, and of Cardiff at Rs. 15½. Current quotations are :—

Davison's West Hartely	Rs. 14¾	alongside.
Welsh Hartley	,, 13¾ to Rs. 14¼	do.
Cardiff	,, 15 to ,, 15¾	do.

METALS.—The market for these generally is weak and declining. Copper Braziers we quote spot Rs. 46-4, and arrivals Rs. 45-12. Wallaroo spot Rs. 44, and to arrive Rs. 43-4. Yellow Metal spot Rs. 36 to Rs. 36½, and to arrive Rs. 35-12 to Rs. 36. All these quotations, however, are very nominal. Importers are offering Yellow Metal to to arrive at Rs. 36-12 to Rs. 37, but at these rates they do not find purchasers.

Spelter is very dull, and nominally worth Rs. 7-12 to Rs. 8.

GOVERNMENT PAPER has varied very little during the week, and our daily quotations have been 101½ for 4 per cents. and 108½ for 4½ per cents. Some days we have been strong and other rather weaker at these rates, but never sufficiently so one way or another to make as alter our quotations. This afternoon we close weak at about 1-16 lower.

Spinning Mill shares have been a good deal speculated in, and prices have fluctuated considerably. On Friday and Saturday the market was very weak, and with many sellers, prices dropped each day in many cases fully Rs. 5 to Rs. 10 per share. Monday was a holiday, but on Tuesday we had a stronger market, and prices showed a decidedly upward tendency. Yesterday this was still further developed, and "Bear" sellers taking fright came into the market freely to cover, a marked recovery took place in the shares of at least those companies that had been most speculated in. Our rates closed yesterday for these from Rs. 10 to Rs. 30 above the rates quoted last mail. The feeling with regard to all the companies is now one of strength. This afternoon the market is again strong, and in some cases sales are made a little over our detailed quotations.

Press Companies' shares have been very steady during the weeks, but rates are not much altered, and that only in a few instances.

In *Miscellaneous* shares almost the only alteration in our quotations is that for Bombay and Burmah Trading which have advanced to Rs. 2,400.

Bank Shares.—Bombay Bank fell after last mail left first to Rs. 765, and then to Rs. 762½ ; but yesterday they rallied a little, and we again quote them Rs. 765, National Bank shares which we quoted last mail at Rs. 103 have been done during the week at Rs. 100.

EXCHANGE during the week tended slightly to lower rates, and for 3 and 4 months' drafts the fall was about 1-16d., 3 months' Credits were quoted 1s. 8 16-32d., and a little less was done for forward delivery. However, as the last night's London telegrams brought news of the 40 days Government Council draft being all taken up at 1s 8 1-16d., we opened this morning considerably above the previous rates have been recovered, bank and demand drafts are still a shade under our last week's quotations. We now quote as follows :—

If not, let them give it up to the public, and build a Museum for themselves." The *Mail* remarks that "even if it could be shown that the Central Museum belongs to the public, the building, as it stands, would be hardly serviceable as a Town Hall. But if the Government has become owners of the property through length of possession, or through the title of the public having lapsed, there would be a strong case for asking the Government to contribute something towards the Town Hall which is now wanted."

Vyedina filed a plaint yesterday to recover the amount, and made an affidavit stating that the defendant's vessel was to leave Bombay yesterday. At 5 o'clock, at the rising of the court, Captain Cave was placed before his Lordship, who directed that he should give security for the sum due, or go to jail.

IT is stated that the following reliefs of troops in Assam will take place in the early part of next cold weather: the 42nd Regiment from Kohima (Naga Hills) to Dibrugarh; the 43rd from Dibrugarh to Shillong; the 44th from Shillong to Kohima.

THE question of the extension of local self-government, a Calcutta paper says, will be taken up by Major Baring and Lord Ripon at Simla. The reports from the local Governments are just coming in, and as the matter cannot be dealt with in a hurry, legislation will not be had recourse to till next winter. In the meantime whatever executive action may be taken on the subject, it will be adopted.

THE *Hindu Patriot* believes Lord Ripon is in right earnest about the appointment of a native to the bench of the North-West High Court. "At first Sir George Couper, it would seem, did not much relish the idea, but when His Excellency the Viceroy intimated that if the local Government could not name any eligible person of the North-West Provinces, he would send one from the Calcutta bar, it awakened to the gravity of the situation, and has forwarded the names of a few native pleaders of the North-West High Court. We do not wish to discuss these names, but we hope Lord Ripon will insist upon the fulfilment of his generous intention. It is believed that Mr. Tyrrel will be confirmed first, and that when Mr. Oldfield takes leave, which he will do shortly, a native will be appointed to act for him on trial, and if he should give satisfaction, he would be confirmed hereafter."

THE foremost and obvious remark to make about the Hyat Khan case, the *Pioneer* says, is—the less said about it the better. "The ghastly mistake was made when Government resolved to have a formal trial in a court of law about a question which no such tribunal was qualified to settle. It would be very undesirable for public writers now to sift the deluge of papers on the subject that have been shot into the *Gazette*. It is difficult to understand the object indeed with which these have been published now. If Government shrinks from acting on the conclusions some of them suggest, it can hardly intend to tempt the public into thinking Hyat Khan guilty. If it thinks his innocence established by his defence, it might have been desirable to say so. It simply says instead that the case is left in an unsatisfactory state. All parties will equally agree to that verdict at all events."

REGARDING the latest complication at King Theebaw's capital, a telegram to the Allahabad paper from Rangoon, March 20, says:—"The *Rangoon Gazette* states that a revolution has occurred at the Palace at Mandalay. Four principal Ministers, including Yenoung Mentha, and many followers, all belonging to the Queen's party, have been imprisoned. The *Gazette* thinks a crisis is approaching. Nothing new about the monopolies; rumours of their again being established are disbelieved. The *Rangoon Times* publishes similar intelligence, and attributes the present wretched state of the country to the Queen and her now imprisoned advisers, to whom are attributed the former massacres, lotteries, and monopolies."

A CLAIM has been brought against the Madras Government for a building which is alleged to be the property of the public, but which the Government have long occupied. A correspondent writes to the local *Mail* to ask:—"What has become of the Pantheon, now known as the Government Central Museum? This is the property of the public of Madras, and unless the Government are going to set up a claim to it, solely because they have been in possession for a number of years, we have a Town Hall which will meet all the requirements of the public. From information I have gathered, the Pantheon was built by public subscription for public amusements and entertainments, and was the property of the public. Surely the public have a right to this property; and if the Government desire to retain it, they might at all events come forward and pay the price of it, as well as something handsome for the use of it all these years, towards the Town Hall Fund. If not, let them give it up to the public, and build a Museum for themselves." The *Mail* remarks that "even if it could be shown that the Central Museum belongs to the public, the building, as it stands, would be hardly serviceable as a Town Hall. But if the Government has become owners of the property through length of possession, or through the title of the public having lapsed, there would be a strong case for asking the Government to contribute something towards the Town Hall which is now wanted."

POLITICS apart, observes the *Pall Mall Gazette*, what more surprising spectacle has been afforded of the unabated energy of the Prime Minister than the day's work which he went through on Monday without any apparent strain or exhaustion? In the morning he was seen in Park-lane driving to Paddington on his way to Windsor, where he had an audience with the Queen. At one he attended the Council. At three he was to be seen in the dining-room in Downing-street, speaking with no small force and energy. At a little after four he was at the House. After answering a question he moved the postponement of the orders of the day in a brief but vigorous speech. Sir Stafford Northcote having opposed the motion, Mr. Gladstone immediately replied. The House divided, and, his motion being carried by a majority of nearly two to one, Mr. Gladstone opened the debate on the main question by a speech which friends and foes alike declare was one of his best efforts. Its effect on the House was very great, and, unlike some successful House of Commons speeches, those who read it in the papers will be at no loss to understand the secret of its power. Mr. Gladstone has seldom spoken with more concentrated force than in the fourth speech which he delivered at the close of the labours of an exhausting day. He remained in the House for several hours after, and did not return home till after midnight. Who could imagine that all this was but one day's work of a statesman who was seventy-two years old last December?

A REMARKABLE story of the loss and recovery of a £200 note came out in the course of an action tried at Westminster on March 1. The plaintiff, Mrs. Graham, three years ago lost a note of this amount in a cab, and the defendant, Mr. Russell, who was with her at the time, stopped it at the Bank of England at her request. Quite recently Mrs. Graham engaged the same cabman, who handed to her the identical note which she had lost three years before. Why the cabman kept it so long, and why he gave it up at last, is not explained, for it was not material to the case, which, it is said to think, was an action against Mr. Russell for false imprisonment. That gentleman's stop order was still in force when the plaintiff called at the bank to cash the note, and she was therefore detained until he could be communicated with—which was the false imprisonment complained of. The case of course dismissed, and as the plaintiff appears to have come into court against the advice of her own counsel, there may be circumstances unmentioned which would explain an action otherwise to all appearances not only unnecessary, but ungrateful.

THE WESTERN DECCAN RAILWAY,

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—As t proposed Western Deccan Railway is now being marked out between Poona and Satara, will any of your numerous readers enlighten me on the following queries?

1st. Is it proposed to build a station at Waee for visitors to the Mahableshwar Hills, or is it proposed to run the line direct from Poona to Satara without touching at Waee?

2nd. If the line is to run direct, what will be the nearest station convenient for visiters to proceed to Mahableshwar, and how many miles off will that station be from Mahableshwar?

S. B. K.

ROYAL BOMBAY YACHT CLUB REGATTA.

BOMBAY harbour was yesterday afternoon the scene of some of those sports in which a maritime people like the British take delight. Boat and yacht racing are essentially English amusements, and in every part of the globe in which the English race is found boat and horse racing are cherished institutions. It would be strange indeed if in a great port like Bombay aquatic sports were wanting, for here there is not only the certainty of fine weather at particular seasons of the year, but a splendid harbour in which craft may be sailed with every advantage. For years the Bombay Regatta has been a popular affair, and is likely to continue as such for a long time to come. It is not perhaps so exciting as a horse race, but it gives a calm, quiet pleasure, and its surroundings are far more beautiful. Apart from the interest attaching to the competition of yachts, it is pleasant to look out over the wide expanse of glittering water flecked with the white sails of countless boats, and the islands, whose bold outlines are softened by the haze that enwraps them. The shapely yacht, the stately war vessel, the great merchantman, and the small native boat are all interesting, and besides, a sail in the harbour is a healthful recreation; so that altogether those who attend a regatta in Bombay may be said to enjoy many advantages. Yesterday everything passed off very successfully. The races commenced at about two o'clock, and were brought to a close at dusk. The little wind that was blowing appeared to be favourable, and a few clouds that passed across the sky considerably reduced the heat. Some of the vessels in the harbour were gaily decorated with bunting. The yachts and boats were started from the Government steamer May Frere, having on board Captain Crockett, and Mr. Gill, the honorary secretary. Towards evening the balcony of the Yacht Club-house was filled with ladies and gentlemen, and a large crowd was assembled at the Apollo-bunder. The results of the races are as follows:—

During the week 277 births were reported in the different districts of the city. The rate of mortality per 1,000 of the population per annum was 32·76. There were 102 deaths from remittent fever, being 24 less than the previous week, and 19 more than in the same period last year. The deaths from diseases of the respiratory system, diarrhœa, and dysentery were last week 10, 20, and 10 respectively, as compared with 67, 22, and 13 last year. THE POONA THANKSGIVING MEETING.—We are surprised to learn that the Poona Sarvajanik Sabha telegraphed to the Bombay dailies and the Bombay Government to the effect that "the public meeting of the inhabitants of the Deccan and Camp to vote a congratulatory address to Her Majesty, was called by it," &c. We are not aware that the Sabha had anything to do in the matter, save that some of its members are among those at whose instance the meeting was actually done, and at a meeting so small that it would be almost met by the valued rent charge for ground in that locality. The result of such removal, so far as the Bank's interest are concerned, would be that the mill premises would virtually be converted into a lodging house just like Grant Buildings. Such conversion would not entail any heavy outlay; and as the mill premises are more advantageously situated than the Grant Buildings, being removed from the nuisance of the Arthur-bunder Basin and from that arising out of the cotton traffic, such new lodging house could obviously enter into competition with the Grant Buildings with every chance of success for the latter; and as the owner would be prepared to let appartments on rents much below those charged by the manager of the Grant Buildings, such new lodging house would of course draw away a greater part of the tenants of Grant Buildings; so that in either case the Bank gains nothing. If it fails to establish its case, it loses; if it wins the suit, it loses still more heavily by converting an industrial concern into a fashionable and genteel establishment in its immediate vicinity, which must very materially depreciate the value of the Grant Buildings," &c. Mr. Inverarity then read and put in the examinations *de bene esse* of Mr. Atherton, an engineer, and of Mrs. Bingham, wife of Lieutenant Bingham, of the Ordnance Department, taken on the 20th August, 1881, and 27th February, 1882, respectively. He also read and put in certain correspondence that had passed between Mr. Ahmedbhoy Hubibbhoy and Mr. Martin Wood, remarking that both the gentlemen would appear from the letters to admit the nuisance from the mill, and that Mr. Ahmedbhoy was at one time willing to pay Rs. 12,000 as damages, a sum which, under the circumstances, would probably be awarded by a jury in England. Mr. Martin Wood, as the agent of Mr. Ahmedbhoy, tried to work the oracle in London with the directors of the Bank. He presented himself before Mr. Boyson, the active director of the Bank in London, in the character of a shareholder of the Bank, which was a very unfair thing for him to do, and he protested against any proceedings being taken against the mill on the ground that there was no chance of success. Subsequently the plaintiffs had ascertained that Mr. Martin Wood was the paid agent of Mr. Ahmedbhoy; and it was for that reason that he endeavoured to induce the directors of the Bank to abandon the proceedings. He had hoped to get a reward from Mr. Ahmedbhoy; but the latter was reluctant to remunerate him for the services rendered by Mr. Wood, arguing that Mr. Wood should get a large sum if he succeeded in inducing the London agents to withdraw the suit; otherwise he was to get nothing. Mr. Boyson declined to give way, notwithstanding the use made by Mr. Wood of legal arguments sent up by Mr. Ahmedbhoy in his letters. The negotiations for settling the suit were postponed by Mr. Wood in a letter addressed to Mr. Ahmedbhoy. In one of his letters, Mr. Wood said he trusted his friend Mr. Ahmedbhoy was "well and prosperous in spite of the lawyers!" and he hoped he would get some substantial recompense for all the trouble he had taken.

Mr. Babajee Gopall, an engineer and surveyor, said he had prepared the model before the court of the Grant Buildings and of the Nicol Mill under instructions from Mr. Greenwood, the plaintiffs' manager. The breadth of the road between the mill and the compound of the Grant Buildings is 30 feet. The distance from the main wall of the mill to the main wall of Grant Buildings is 70 feet. The extreme height of the chimney is 101 feet with the cap, and 94½ feet without the cap. The height of the low chimney is 73 feet 6 inches. The distance of the centre of the big chimney from the nearest corner of Grant Buildings along the main road is 120 feet.

Cross-examined by Mr. Pigot, the witness said he had taken the height of the chimney by the theodolite, and of the roofs by a bamboo. The windows on the top floor of Grant Buildings are 7 feet, and the height from the ground is 52 feet. The height of the highest windows in the projecting part from the ground is 38 feet. The top of the windows in the second floor of the main building is 37 feet high from the ground. The mill was built in 1860. The first floor of the mill is 16 feet 10 inches high, and the secondis 27 feet 10 inches. Witness held a surveyor's certificate from different engineers.

The court then adjourned.

(Before the Hon'ble Mr. Justice BAYLEY.)

ARREST OF A SHIP CAPTAIN BEFORE JUDGMENT.

OOSMAN VYEDINA *vs.* CAPTAIN J. A. CAVE.

Mr. Payne, of Messrs. Payne and Gilbert, presented to his Lordship in chambers a plaint by which the plaintiff seeks to recover from the defendant, the master of the steamship Fidra, Rs. 20,900 due on a charter party executed between the plaintiff and Messrs. Finlay, Muir and Co. as agents for the captain and owners of the vessel, and for moneys received by the defendant on account of the plaintiff as charterer. The plaintiff made an affidavit, in which he stated that the defendant was going to sea to-day, and upon which Mr. Payne applied for a warrant of arrest before judgment. His Lordship accepted the plaint as a long cause, and granted a warrant for the arrest of the defendant.

Captain Cave it appears was about to leave Bombay by railway from the Bori-bunder station, where he was arrested about 2-30 p. m. to-day. At 5 p. m. he was placed before his Lordship, when Mr. Prescot appeared on his behalf. Mr. Payne, for the plaintiff, offered to accept the security of Messrs. Finlay, Muir and Co. for the payment of the sum due by the defendant. His Lordship directed that the defendant should give security or go to jail. Captain Cave was thereupon removed in charge of a sheriff's officer.

Holloway's Ointment and Pills.—Health's Defences.—None save the strongest can with impunity pass through sudden transitions from the hot to dry, from cold to damp; weather is treacherous during autumn and early winter months. Influenza, bronchitis, cough, sore throat, diphtheria, or quinsey will attack those most watchful of their health; but they can readily arrest any of these complaints by rubbing Holloway's Ointment twice a day upon the skin adjacent to the affected part, and by assisting its corrective action with appropriate doses of his Pills. This wellknown, safe, and easy mode of treatment efficiently protects the invalid both from pre-sent and future danger without wasting or even depressing the system in the slightest degree.

FREEMASONS' JAMSHEDI NOWROZ FESTIVAL AT SURAT.

THE annual celebration of the Jamshedi Nowroz festival was held at Surat on Wednesday evening last under the auspices of Lodge "Hamilton," S. C., in the Masonic Hall on the Kattargaum-road. The building was decorated for the occasion, and was brilliantly illuminated in the evening. The proceedings commenced with a short original prologue delivered by Rt. Wor. Bro. Dr. Dosabhoy Pestonjee, who exhorted the members of the Lodge to carry into practice the sublime precepts of their order in their daily intercourse with each other and with the rest of the world; and wound up with an address on the origin of the festival and its close relationship to the observances of Freemasonry. Wor. Bro. Nanumeean read English translations of passages from the writings of the great Persian poet Hafiz illustrative of the frailties and uncertainties of human life. Bro. Nanumeean and Bro. Bomanjee Dogineer then went through a dramatic representation from the Iliad entitled "Helen and Paris." Bro. Bomanjee next gave some humorous English songs with violin accompaniment. He was followed by Bro. Nawab Zoolfecoralli, who gave a recitation entitled "The Execution of Charles I." The Lodge has on its roll several Graduates of the Bombay University, one of whom, Bro. K. G. Deshmookh, barrister-at-law and judge of Nowsaree, read select passages from Pickwick. The proceedings terminated with the singing of the National Anthem, the brethren expressing their profound thankfulness for the miraculous preservation of the life of the Queen-Empress from the bullet of a lunatic assassin. They then adjourned to the banquet table, where the constitutional toasts were drunk and some appropriate songs were sung.

HIGH COURT.—MARCH 23.

(Before the Hon'ble Sir CHARLES SARGENT.)

SECURITY FOR COSTS.

SHAPURJEE RUSTOMJEE MISTREE *vs.* DOSABHOY BEHRONJEE DURBASH AND OTHERS.

Mr. Kirkpatrick, instructed by Messrs. Ardasir and Hormusjee for the first defendant, said that the plaintiff had failed to give security for costs, and that the suit should therefore be dismissed. The plaintiff had obtained a rule *nisi* to withdraw his petitions; which was postponed from time to time and was discharged yesterday. It was an old suit, and notice of the present application had been given to the Official Assignee.

Mr. Lang, for the Official Assignee, said he was willing to accept Rs. 5,000 which the defendants had offered for a settlement of the case, or to deposit Rs. 400 as security for costs. The rule *nisi* to withdraw the petition having been discharged, the Official Assignee was now interested in the estate of the plaintiff, an insolvent, and intended to proceed with the suit against the defendants.

Mr. Kirkpatrick asked that security should be given for the whole amount of costs, about Rs. 7,000.

Mr. Lang said the order required the Official Assignee to give security for costs in continuing the suit, but said nothing about past costs.

Mr. Kirkpatrick argued that the security was meant to apply to all the costs of the suit.

Mr. Inverarity, for the first defendant, the plaintiff's wife, remarked that the Official Assignee had not explained the long delay during which time he quietly stood by and did nothing. The learned counsel asked that the suit should be dismissed. He could not agree to the security should cover all the expenses already incurred and those to be incurred; and further asked that his client should be awarded by the Official Assignee the costs of all the applications made by him up to the present time.

After some further discussion his Lordship ordered that the hearing do stand adjourned in order that the Official Assignee might elect to continue the suit and give security for the costs thereof. The amount and form of such security to be determined by the judge in chambers; and the period of such election to be one month from the determination of the security. In event of the Official Assignee not choosing to give security for costs, the defendants are at liberty to apply to have the suit dismissed.

ALLEGED NUISANCE AT THE NICOL MILL.

THE LAND MORTGAGE BANK OF INDIA, LIMITED, *vs.* AHMEDBHOY HUBIBBHOY AND ANOTHER.

The plaintiffs' claim is for an injunction restraining the defendants, and their servants and agents, from working or using the building at Kolaba known as the Nicol Mill in such a manner as to occasion nuisance to the plaintiffs or any person occupying the plaintiffs' premises known as the Grant Buildings. The plaintiffs also claim Rs. 1,000 as damages for the injury already sustained by them from the wrongful acts of the defendants. The Advocate General, Mr. Inverarity, and Mr. Anderson, instructed by Messrs. Tobin and Roughton, appeared for the plaintiffs; and Mr. Pigot and Mr. Lang, instructed by Messrs. Jefferson, Bhashanker, and Dinshaw, for the defendants.

Mr. Inverarity, for the plaintiffs, cited some English cases in addition to those cited by the Advocate General on Tuesday, and said that an injunction by the court would be the best thing to happen for Mr. Ahmedbhoy Hubibbhoy. If it was thought that damage would be done the defendants by granting an injunction, the learned counsel said that, in Mr. Ahmedbhoy's own opinion it would be the best thing for him to happen. That was Mr. Ahmedbhoy's own view of the court issuing an injunction against the mill; and its being stopped from working. Writing to Mr. Martin Wood in July, 1881, Mr. Ahmedbhoy said:—"But even assuming for the sake of argument that the Bank should succeed in establishing its case, the general inhabitants of the Fouzee and Camp will vote a congratulatory address to Her Majesty, was called by it," &c. We are not aware that the Sabha had anything to do in the matter, save that some of its members are among those at whose instance the meeting was actually done, and at a meeting so small that it would be almost met by the valued rent charge for ground in that locality. The result of such removal, so far as the Bank's interest are concerned, would be that the mill premises would virtually be converted into a lodging house just like Grant Buildings. Such conversion would not entail any heavy outlay; and as the mill premises are more advantageously situated than the Grant Buildings, being removed from the nuisance of the Arthur-bunder Basin and from that arising out of the cotton traffic, such new lodging house could obviously enter into competition with the Grant Buildings with every chance of success for the latter; and as the owner would be prepared to let appartments on rents much below those charged by the manager of the Grant Buildings, such new lodging house would of course draw away a greater part of the tenants of Grant Buildings; so that in either case the Bank gains nothing.
